# congratulations

You've dreamed of your wedding since you were a little girl, and nothing's more exciting than planning your walk down the aisle. Perfection is in the details, and the experts at Clinique and Macy's are here to help guide you every step of the way. Consider it our gift to you.

## eye do

Crying tears of joy is a "do." Puffy eyes? A definite "don't." Keep [All About Eyes Serum De-Puffing Eye Massage](#) on hand to instantly refresh and hydrate puffy, tired-looking eyes on contact.

## tress rehearsal

Get regular trims for healthy, show-stopping locks. If you're thinking about a new colour or cut, talk to your stylist and start experimenting now, keeping in mind hair grows about a half inch per month.

## imagine

Beach or ballroom? Day or night? Colours, mood, location—they are the ultimate reflection of you. Picture yourself as a blushing bride and remember to keep an open mind when shopping for your gown. Try a variety of styles—you'll never know what looks best until you see it on.

## need it, get it

Talk to your fiancé about your entertaining needs before registering for gifts. Get started with the [Macy's Wedding and Gift Registry](#) for helpful ideas on what to include for domestic bliss.

## sparkle

Show off your sparkler! Get a manicure and keep hands pretty and soft with [Clinique's Deep Comfort Hand and Cuticle Cream](#).

Find a wedding binder with various folders or pockets to keep magazine tear-outs, color swatches and vendor cards handy.

## get organized

## 3 steps to glow

Book time with a Clinique Consultant to show you the way to great, glowing skin. All it takes is a twice-a-day commitment to your customized [3-Step Skin Care System](#) of cleanse, exfoliate, moisturize. Now's also the time to target problems that may take longer to tackle, like uneven skin tone, acne or persistent redness.

## eat your heart out

Go for tastings and select a delicious reception menu and a mouthwatering wedding cake.

## get radiant

Be luminous, head to toe. Reveal newborn skin every day with **Turnaround Concentrate Visible Skin Renewer**. For an instant brightening boost, try **Instant Facial** 2–3 times a week. **Body Smoothing Cream** reduces rough patches on elbows, knees and feet.

## play with colour

From your flowers to bridesmaid dresses, select shades that truly reflect your style, and try out complementary makeup hues with advice from a Clinique Expert.

## vows that WOW

Write vows from the heart. Agree on the tone: funny, touching, romantic—then start drafting your promises to each other. For a unique touch, personalize your ceremony with a favourite song or poem.

## bust a move

Take a dance class with your groom, and even your dad. You'll spend fun, quality time with your favourite men, burn serious calories and gain dance-floor confidence!

## girls' night out

Before hitting the town with friends, head to the Clinique Counter to try on new makeup looks, our treat. Take note of universally flattering favourites like **Long Last Glosswear SPF 15**—they make great bridal party gifts.

## relax

Stress less by taking care of yourself. Reserve at least one night a week to unwind—try yoga or curling up with a good book. And since emotional stress can visibly damage skin, use **Superdefense SPF 25 Age Defense Moisturizer** daily.

## accessorize

From your veil to jewelry, accents will pull your entire look together. Don't be afraid to let your personality shine through with unique adornments such as peacock feathers, fresh flowers or bright, bold jewels.

## get him groomed

Nicks, cuts, pimples? The Clinique Consultant will show him how to banish them for the big day—and beyond—with the help of **Skin Supplies For Men**.

Remind him to pick out great gifts for his groomsmen. He can treat his favourite guys to anything from cuff links or monogrammed barware to a new MP3 player or tickets to their favourite sporting event.

# hydrate

Drink water frequently to stay hydrated for a picture-perfect complexion. Quench thirsty skin with **Moisture Surge Extended Thirst Relief**. Works wonders on all skin types, under or over makeup.

# break 'em in

Avoid wedding day shoe-blues. Break in your pair beforehand—walk around and dance in your heels for happier feet on the big day.

Make sure your mascara has staying power. **Lash Power Mascara** vows to look pretty for 24 hours without smudging or smearing—lasting through rain, sweat, humidity and tears.

# flash some lash

# jet-setting post wedding?

Pack for your honeymoon a few days prior. If catching some rays are on the agenda, be sun-smart and protect skin with **Clinique Sun SPF 30 Face Cream** and **Body Cream**.

# happily ever after

Create sweet-smelling memories with **Clinique Happy**, the feel-good, citrus-floral fragrance. Wear it and be happy.
